Within the limits of the United States, as defined by the treaty of 1783, and are embraced by the States of Ohio, Indiana, Illinois, Michigan, Wisconsin, and that part of Minesota east of the Mississippi River, all of which have been formed out of the Northwestern Territory, as conveyed with certain reservations to the United States by New York in 1781, by Virginia in 1784, by Massachusetts in 1785, and by Connecticut in 1786; also the lands within the boundaries of the States of Mississippi and Alabama north of 31 deg. north latitude; as conveyed to the United States by Georgia in 1802. 2d. Within the Territories of Orleans and Louisiana, as acquired from France by the treaty of 1803, including the portion of the States of Alabama and Mississippi south of 31 deg.; the whole of Louisiana, Arkansas, Missouri, Iowa, and that portion of Minesota west of the Mississippi River; the Indian Territory; the district called Nebraska; the Territory of Oregon, and the region lying between Oregon and Minesota, north of 42 deg. and south of 49 deg. north latitude. 3d. Within the State of Florida, as obtained from Spain by the treaty of 1819. 4th. In New Mexico and California, as acquired from Mexico by the treaty of 1848.

Within the limits recognized by these treaties and cessions

Within the limits recognized by these treaties and cessions, the public lands covered an estimated area of 1,584,000,000 acres. Exclusive of the lands in Oregon, California, New Mexico, Utah, the Indian and Nebraska Territories, the entire area of the public domain is stated, after a careful expension.

tire area of the public domain is stated, after a careful examination, to have been 424,103,750 acres. About one-fourth of this, up to November 30th, 1850, had been sold, and \$135,339,092 received therefor. The aggregate outlay of every kind upon these lands to the same date, including cost of purchase, of surveying, and of selling, was \$74,957,879, leaving as net profit to the government \$60,881,213, or an annual average of nearly a million of dollars for the last 50 years. If there should be added to this, at the rate of \$1.25 per acre, the value of the land granted for bounties, schools, internal improvements, &c., it would amount to nearly double the above sum. The average cost per acre to the government of acquiring title, &c., to the lands is 14.41 cents; of survey, 2.07 cents; of selling and managing, 5.32 cents; in all 21.80 cents; while it receives \$1.25 per acre, or a net profit on each acre sold of \$1.082.

The whole number of warrants for Mexican bounty land claims issued to November 1, 1851, is 80,781, of which 86,518

The following certificate will show the character of the

work executed at the above Works:

"AUBRY, Cumberland, May 15, 1852.

"Mr. Silas Burns—Dear Sir: Our Engine and Mills, made at your shops, have been at work nearly two months, and fully meet our expectations. The Engine, as to finish and

STRENGTH, PERFORMANCE and DURABILITY, is inferior to none in the State of the same class made here or elsewhere. The MILLS run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, 1 foot, in 33/4 seconds or 16 feet per minute. We have run, however,

through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes too many hands to haul up logs and

carry away lumber. Yours, &c.,
JONES & BARBEE."

PETERSBURG CLOTHING BAZAAR.—The subscribers having purchased the entire interest of N. Perry in the above celebrated establishment, respectfully announce to the citizens of North-Carolina that they intend

to relax no effort to retain the liberal patronage heretofore received from the numerous customers of the Bazaar in the

of the firm being constantly in the market, thus having facili-ties for purchasing our Cloths, Cassimeres, &c., at first hands, and consequently at the lowest rates, we are enabled to com-

pete in prices with Northern houses, while our garments in point of style and workmanship, are not excelled by those of any other house in the State.

It is unnecessary to enumerate the articles of which our stock is composed; suffice it to say that in our rooms may

our Custom Department is constantly supplied with the most desirable goods, and those preferring their garments made to order, can here find a large assortment to select

from, and with an efficient force of workmen we can get up a single garment or an entire suit at very short notice. A

good fit and perfect satisfaction guarantied in every instance.

Our Wholesale Rooms. Merchants visiting the City
should not fail to look through our stock, as we have opened
an exclusive Wholesale Room, and manufacture largely, expressly for this branch of our trade.

A FTER THE TRADE.—THE SUBSCRIBERS

A having fully made up their minds to enter into the Hardware Trade would take this occasion to say that they

are constantly receiving and intend keeping a more general assortment than has ever been kept in this town, and at prices lower than the lowest—neither of us are "experienced Car-

penters," but experienced dealers, and will sell Carpenters
Tools and Hardware generally, lower than any other "live
man" and no mistake—all we ask from our friends at home
and abroad is a trial, and if we do not prove what we say—

There is a splendid line of Steamers plying regularly between New York and Philadelphia, daily at 5 o'clock, P. M., and their freight from Philadelphia to New York is very low. The Steamers leaving Philadelphia on Tuesday and Friday connect with Parisen & King's Express for the South from New York Wednesday and Saturday. Merchants ordering their goods, from Philadelphia, to care of Parisen & King's Express, New York, will find this a much quicker way to get their goods, and at one-half of the cost.
